SERIES 220

CASEMENT WINDOW

WinTech's Series 220 aluminum casement window is a 2 1/2" thermally broken frame depth system. The Series 220 casement is offered in both out-swing and in-swing styles and is AAMA tested and rated to CW60. With multiple glazing options, finish options, and installation accessories, the Series 220 is perfect for many architectural needs, including office space, housing, or city and government buildings. When you need a great performing window and must stay in your budget, look no further. The Series 220 is the answer.

SERIES 220 CASEMENT WINDOW
